Two-Strike Policy in regards to Project Leader Removal

If a Project Leader receives a strike, they will be notified by the Project Manager via email. If they would like to remain as a Project Leader, they must do the following:

- Respond to the email stating that they wish to remain as Project Leader. Failure to do so results in immediate removal from their position.
- Remain an active Project Leader for the remainder of the school year to refrain from receiving a second strike, which will lead to immediate removal from their position.

Note: If the Executive Board is informed of a Project Leader's prolonged inactiveness in regards to training/preparing their group members for presentations and informing their group members of MMS announcements and venue opportunities, they may be subject to **immediate** removal as PL.

Guidelines for Resigning as Project Leader

If you are planning to resign from your role as Project Leader for any reason, please be sure to follow the guidelines listed below:

- Project Leader's may only resign from their position within the first 2 months of starting their role.
- Project Leaders must notify their Director of Training at least 3 weeks before resigning as Project Leader. Project Leader's must also maintain their responsibilities as Project Leader until the MMS Executive Board can select a new Project Leader for the group since it is difficult for the project group to move forward without a Project Leader.

***Note:** If a Project Leader will be graduating before the end of the Spring Quarter, they must notify their Director of Training by the beginning of that academic year.
